Morse's Indian Root Pills.

89-90

Almanac

ECLIPSES, ETC., FOR 1889.

In the year 1889 there will be five eclipses, three of the sun and two of the moon.

I. A total eclipse of the sun Jan. 1st, 5h, 10m, p. m., visible here by sunset only a small portion.

II. A partial eclipse of the moon, Jan. 27th 12h 24 m a. m., visible in North and South America, Europe, Africa and Atlantic and Pacific ocean.

III. An annular eclipse of the sun, June 28th, 3h 59m. a. m., invisible in America, visible in southern Africa and Indian Ocean.

IV. A partial eclipse of the moon, July 12th, 3h 49m p. m., invisible in the U. S., visible in the Atlantic ocean, also in the east of South America and Europe, Asia and Australia.

V. A total eclipse of the sun, Dec. 22, 7h 53m a. m., invisible in the U. S., visible in the Atlantic ocean, eastern part of South America and West Africa.

Morning Stars.

Venus until April 30th. Mars after June 17th. Jupiter until June 24th. Saturn until Feb. 5th after August 16th. Mercury after Feb. 14th until April 24th, until June 19th after August 7th, until Oct. 15th after December 7th.

Evening Stars.

Venus after April 30th. Mars until June 17th. Jupiter after June 24th, Saturn after Feb. 5th until August 16th. Mercury until Feb. 14th after April 24th, until June 19th after August 7th, until Oct. 15th after December 7th.

The Four Seasons.

Winter begins December 21st, 1888, at 4h 24 m. a. m., and lasts 88 days, 7h, 28 minutes.

Spring begins March 19th, 1889, at 11h 52 m., p. m., and lasts 93 days, 13 h, 28 m.

Summer begins June 21st, 1h 20 m a. m., and lasts 93 days, 9h, 50 m.

Autumn begins Sept. 22nd 1889, at 11h 10m., a. m., and lasts 89days, 17h, 52m.

Winter begins Dec 21st, 1889, at 5h 2m. a m.

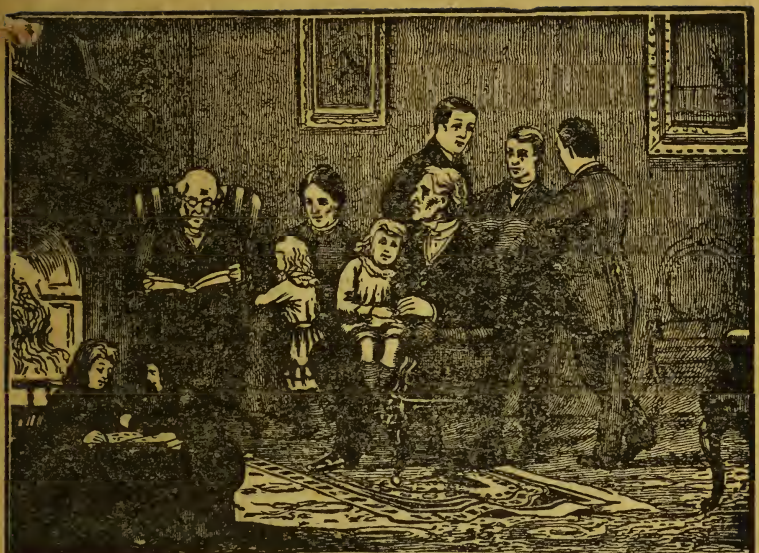
Ember Days.

March 13th, June 12th, September 18th and December 12th.



The above plate represents Dr. Morse and his wife, together with their blooming, healthy and interesting children the Doctor and his wife each having a child in their arms. Here we behold a family possessed of life, vigor and strength, being the foundation of all happiness, true pleasure and all earthly enjoyments—I would pause for a moment and ask, where will you find a family possessing, like Dr. Morse's such blooming health and beauty. Truly, we have a number of families who have used the Pills as their only medicine, and we have heard it spoken of by others, that they loo'ed equally as well as the Doctor's. Thousands on thousands who have used Dr. Morse's Indian Root Pills, and been benefitted by them, and who have seen their powerful effects in relieving others, in all manner of diseases, have testified their purifying and healing properties and have testified also that it is impossible for any person in a diseased state, to take them daily for two or three weeks, without being benefitted and restored to perfect health. If families sufficiently knew the necessity of purging and frequently giving pure, opening medicine to their children, good health would always be the result. Let heads of families take them when they are sick or in pain, and in a very short time they will be perfectly satisfied that they have taken all that nature

requires to restore them to health. A few doses will relieve you of any disease which has caused you months of sickness, pain and distress; because they purify the blood, and thereby remove disease; consequently health and happiness must be the result.

It has often been remarked by many, "How healthy and well Dr. Morse's family look!" There is a cause for it. His wife, before she was married, as many are aware, was very feeble and complained much. After their marriage he persuaded her to use one of these Pills every day. She was surprised to find that a few doses had restored her to perfect health, which she has enjoyed up to the present time; and she has made it a practice to use them occasionally when in health, especially after having taken a cold. And now we behold her in excellent health and the mother of twelve blooming, healthy and happy children. The Doctor, having spared neither pains nor expense in finding out the true cause of disease, after having traveled through Europe and America and the various inhabited islands in different parts of the world and among the Red Men of the forest, and the information which he has received from them as to the manner of curing their sick, has brought them into the possession of a very valuable medicine. And he is now prepared to put it within the reach of all, caring not what your disease may be; knowing that if you take these Pills a few times, you will certainly find relief. He has, in thousands of instances given them where the sick have been given up, and has looked on with amazement at the astonishing cures which they have performed.

Never has he known an instance, where they have been thoroughly used, to fail in restoring health to the sick. So thoroughly and surely will they relieve you of all pains, sickness and distress, and so much confidence has he in their healing art, that should any purchase them and not feel satisfied, they may return them, and the proprietor holds himself responsible to return the money paid for them, in all cases where they do not give universal satisfaction. We have laid them at your hands, not for our gain, but for your health and your gain.

A Short History of Dr. Morse's Father, Also showing how this Wonderful Medicine was brought into use.

The old gentleman, who is on a visit, having a Bible in his hand, as you see in the above plate is a perfect likeness of the father of the celebrated Dr. Morse. You would not take him to be over sixty or sixty-five years old. But you will be surprised, when told that this fine-looking old gentleman was ninety-five years old the 20th of November, 1847. On the 19th day of

the same month, he rode and drove himself, thirty-five miles, in order to spend the birth-day of his ninety-fifth year with the doctor and his interesting family. He is an extremely rich man, with an income of about five hundred thousand dollars annually, and the owner of a number of fine, elegant ships, which sail in different directions to every part of the world.

A number of years ago, this good man was very sick. He had eight of the most celebrated doctors to attend him both night and day. With all their skill, this good and pious gentleman grew worse and worse and finally they gave him up saying that it was impossible to cure him and he would soon die. The next day, about nine o'clock in the morning, he called his wife to his bedside, saying, "How painful it is to die without seeing my son, our only child. Though I have spent large amounts of money to have him educated as a doctor, after which to have him thoroughly understand the way to cure disease I persuaded him to travel in far distant lands among the savage and Indian tribes, as then he would learn their successful manner of curing diseases in Nature's way, from plants and roots; the thought of my engaging him to go, as I am about to die, grieves me much. But tell my son when he returns, always to supply the wants of the poor."

Here he stopped, being in great distress, but in a few minutes his pains ceased, after which he took a short nap, being the first of any amount for several days. In the afternoon he was taken with shortness of breath and supposed to be dying. The neighbors were sent for, the room was soon filled, and many prayers were offered up from the very heart of these dear Christian people, that some relief might be obtained for this good and pious man. While these prayers were ascending like sweet incense to the Throne above and every eye was bathed in tears, a rumbling noise was heard in the distance, like a mighty chariot winding its way nearer, when all at once a fine span of horses, before a beautiful coach, stood before the door, out of which alighted a noble and elegant looking man. In a moment's time he entered the room and embraced the hand of his dear father and mother. She clasped her arms around his neck and fainted away. The Doctor, surprised to see his father so nearly gone, immediately went to his coach, taking therefrom various plants and roots, which he had learned from the Red Men of the forest as being good for all diseases, and immediately compounded them together, and gave them to his father, and in about two hours afterward he was very much relieved. He gave him small doses every three or four hours, just to keep his bowels regular, and have them cleanse and purify his blood. Two days after he was much better, and the third day he could

walk about the room. He has occasionally taken them ever since, and now we behold him a strong active man, and in the bloom of health, and at the age of ninety-five and able to ride in one day thirty-five miles, in order to spend his birthday with this celebrated doctor, his son.

The above astonishing cure was sounded in every ear and re-echoed throughout the land as a most wonderful cure. Many persons afflicted with various diseases immediately applied for the Pills. So powerful in strengthening, and so wonderfully did they cure them of all their diseases, and so great was the call for the Pills, both far and near, that it was impossible for the Doctor alone to make them fast enough, as there was not a moment through the day, but there were, to say the least, eight or ten, sometimes upwards of thirty, at the office at a time to get these Pills. So sure were they to relieve the sick, and with so much success did they cure all manner of diseases, that he entirely laid aside his former way of practicing, and prescribed them for every complaint.

It is an established fact that all diseases spring from one source, namely impurity of the blood. Therefore, our strength, health and life depend upon this vital fluid. When the various passages become clogged and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased, thus causing all pains and sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then, that we should keep the various passages of the body free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse's Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is a Suderific, which opens the pores of the skin, and assists nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passages of the lungs, and thus in a soothing manner, performs its duty by throwing off the phlegm and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys. Thus encouraged they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the pills while engaged in purifying the blood.

The coarser particles of impurity, which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above it is shown that Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find their way to every part, and completely rout out and cleanse the system from all impurity, and the life of the body which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clean.

The reason why people are so distressed when sick and why so many die, is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass, thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery until life is taken from the body by disease. Dr. Morse's Pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked and tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever and who have been brought as it were within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for the great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished and absolutely surprised in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and anguish, but they go at once to work at the foundation of the disease, which is the blood. Therefore, it will be shown by those especially who use these Pills, that they will cleanse and purify that disease—that deadly enemy will take its flight, and the flush of youth and beauty will return, and the prospect of a long happy life will cherish and brighten your days.

DOCTORS DID HIM NO GOOD.

Cape Ozo, Dec. 12 1887.

DEAR SIR,—I have been a long time sick and have had medicine from several different doctors but never received any relief until I commenced to use DR. MORSE'S INDIAN ROOT PILLS.

Yours Truly,

FRANK COLLAS.

Why Will You Delay?

Why neglect that disease which is taking such a deep root, and which gives you warning by that hacking cough that you are fast ripening for eternity? Why encourage that pain in the side, the raising of blood, those

night sweats or that difficult breathing, which silently whispers in your ear that something must be done to save you from the grave of the consumptive? Why act so carelessly by permitting that disease to destroy your health and hasten you to the tomb? — from whence no traveller ever yet returned.

Silence that Dreadful Cough,

Or death must carry you to the silent grave. Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence, the lungs are like a spring of water when roiled up by dirt and mud; if clear spring water constantly flows through the spring, impurities or mud will be conveyed away by the pure water. Just so with the blood when kept in a clear or pure state; as it flows through the lungs it carries away all impure matter, and perfect health will be the result. From two to four pills taken every night, or every other night, or enough to keep the bowels regular, will, in a reasonable time, cure consumption. The reason these Pills are used more than all others, is because they are made of purifying vegetables, and cleanse the body from all corrupt matter, and drive out disease of every description, quicker and in a milder way than other pills.

Influenza and Common Cold.

Like thieves in the silence of the night, have carried many to the silent grave. They are caused by a sudden check of perspiration, by which the stomach is rendered inactive and the lungs become loaded with corrupt matter which enters the blood and disease is the result. For all colds, coughs and chills, succeeded by heat, and for all fevers of every form, hoarseness and rawness of the throat, lungs and stomach, and for all weakness and sickness of every kind, from three to five of these Pills on going to bed, for a few days, will be all that you require to restore you to perfect health. It has been admitted and claimed all over Europe that there never was a medicine that will extirpate all manner of diseases from the system equal to DR. MORSE'S INDIAN ROOT PILLS; that the more you take of them the stronger you grow. They are founded upon the principle that the human body is subject to but one disease, namely, corrupt humors. These Pills not only cleanse the bowels, but also follow the blood through every vein and artery, and so purify it from all morbid and corrupt humors, that disease of every name is driven from the body.

Morse's Pills did Him the most Good.

Little Gaspe, Que. Dec. 15, 1887.
W. H. COMSTOCK.

SIR, -I have taken almost every kind of medicine I ever heard of and none of them did me any good until I tried MORSE'S PILLS. They have become in this section of the country a household article by virtue of their great merit. Yours &c.,

HENRY PRICE.

Saves Trouble and Expense.

Westbury, Que., Dec, 8, 1888.

W. H. COMSTOCK,

Dear Sir,—I have been an agent for your CELEBRATED DR. MORSE'S INDIAN ROOT PILLS for a number of years. I consider them to be the VERY BEST PILL that can be bought for use in a family. I am certain that any family using them properly will be saved much suffering and in most cases the expense of a doctor's bill.

Yours, Etc.,

J. P. WOODROW.

Great Female Medicine.

Females who value health should never be without these pills. It has been admitted by a number of physicians that females cannot too highly value them. They have given health and spirits to hundreds of females who without them would have been their graves. They purify the blood and remove obstructions, and give the skin a beautiful. clear and healthy appearance. A box of these pills is a great medical companion at certain periods. From one to three should be taken every day until relief is obtained. A few doses occasionally, when well, will keep the system in a healthy condition.

Give General Satisfaction.

Murvale, Dec. 17, 1888.

I have been your agent for years in Murvale and have sold a great number of your MORSE'S INDIAN ROOT PILLS. The people who try them once always return and will take no others. Nicholas Ward has suffered for some time back with a severe pain in his side. He finally tried MORSE'S PILLS and derived so much benefit from them that he has recommended them to all his neighbors as the best family pill in use.

Yours respectfully,

HARVEY COLE.

The Bowels and Their Functions.

As perfect health is the greatest blessing that we can enjoy, without which all other blessings are of little consequence, we deem it of great importance to point out the way for you to enjoy it. The bowels must be kept in a state by which they are enabled to carry off the useless matter. They are the main

Farmer.—This is what I call a fine rain, it will fetch things right out of the ground.

Mr. Sniffle.—Hope not, got a mother-in-law there.

channels by which nature has appointed to carry everything that is unnecessary, and it is impossible to tell what a large amount of sickness has been caused by constipation or costiveness; in other words by not keeping the bowels regular. It is the main road to all diseases; it is the cause of unnatural irritation to the mucous or lining membrane of the bowels. Having lost their natural strength they cannot object to what is required of them. Hence, the bowels become inflamed, and unless you find a speedy relief a thousand other complaints are ever ready to drag you through a miserable and wretched life. Such medicines must be given as will cleanse the stomach and bowels and restore their natural strength. To accomplish this there is no compound so valuable as these Pills. All other medicines sink into utter insignificance when compared to them. It seems as though the Author of Nature had designed them for this as well as other complaints. From two to five Pills a day will increase the strength and appetite and cleanse the stomach and intestines from whatever is injurious.

Morse's Pills Cure Dyspepsia.

Morin Flats, Que., Dec. 14, 1888.

W. H. COMSTOCK,

Dear Sir,—I have been a martyr to that dread disease, dyspepsia. I was induced after reading one of your books to try your DR. MORSE'S PILLS, with such good results that I take great pleasure in recommending them as the best pill I ever used.

Yours, Etc.,

THOS. SEALE.

Finds Relief After Years of Suffering.

Grand Mira, N.S., Dec. 28, 1888.

For years I have been in poor health, during that time I have suffered all the ills usually suffered by chronic invalids and could get no relief until I tried your MORSE'S PILLS. After using them for some time I am now nearly as well as I ever was.

Yours Faithfully,

ANDREW MCDOUGALL.

Inflammation of the Eyes.

Like all other inflammation, is caused by the impurity of the blood which causes all *eruptive diseases*, as Salt Rheum, Scurvy, Boils, Sores, Ulcers, etc. The blood being unhealthy and of impure nature also occasions *Dropsies*. The blood becoming obstructed in the veins the watery part of the blood in consequence is thrown out from the extremities and dropsy is the result. Many times it is occasioned by improper treatment of some former disease, and the vessels being filled by serous humor instead of blood. Free evacuations by these Pills open the passage into the bladder and carry off the corrupted humors and renew them with a pure healthy, blood which will drive out of the body all inflammation together with eruptions of the skin and all dropsical complaints. They will be a shield from every form of disease, to guard and keep you from the grasping hand of death and cause life and strength to remain and the countenance to brighten with the bloom of beauty and health.

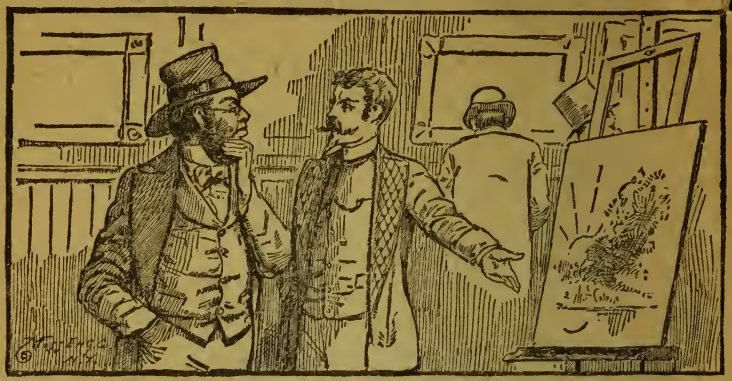
All That Use Them Speak Well of Them.

Lewis Bay, N. S., Jan. 1, 1889.

Dear Sir,—I have been selling DR. MORSE'S INDIAN ROOT PILLS for the past four or five years and they always give satisfaction. Where I sell one box my customers always return for another. All who use them speak highly in their favor.

Yours truly,

D. MCGILLIS.



Picture Dealer.—There sir, maybe I can sell you that, it's a very rare piece of work.

Country Merchant.—(Somewhat of an epicure.) Yes, but I don't want rare pictures, I want 'em well done.

Diseases of the Stomach.

The stomach is most likely to get out of order. Hence, how important that no diseased matter clog its operations which would cause nausea and distress by your food. It also weakens the brain, destroys the memory, creates pain and dizziness and various afflictions in the head. It produces great difficulty in breathing and swallowing. Sometimes fainting and fits will ensue, also bad breath, restlessness and great loss of strength. If not immediately attended to the blood will carry the disease through the whole system and death will end the work. From two to five of these Pills a day will keep the digestive organs in a healthy condition, unclog and carry away all impure matter and thoroughly restore and cleanse the stomach, at the same time the Pills so purify the blood as to drive all manner of disease from the system.

---

115 Worms in one Day.

Toronto, Jan. 24, 1888.

Dear Sir,—My two children have been sickly for some time. The little girl began to have fits, but the doctor said that she would grow out of them. I was persuaded to try McKENZIE'S DEAD SHOT WORM CANDY followed by a dose of MORSE'S PILLS the result was that she passed 115 worms in one day. Thanks to God that the medicine was placed within my reach. It has been a great help to me in raising my little family and I advise all mothers to cast to the winds all prejudices against patent medicines and never be without McKENZIE'S DEAD SHOT and MORSE'S PILLS in the house.

Yours, &c.,

MRS. JOHN A. BROWN.

Cured of Piles.

Brockville, Dec. 1887.

W. H. COMSTOCK, ESQ.,

Dear Sir,—Some five or six years ago I suffered from a disordered stomach and liver, my blood became impure and I was a "complete wreck," not being able to attend to my business more than one-half a day a month. To make matters worse, when I was as bad as I thought I could be and live, I was afflicted with blind piles. By this time both myself and family, after trying the best medical skill that our town afforded, had about given up all hopes of my recovery. This being the case and having heard your MORSE'S INDIAN ROOT PILLS spoken very highly of, I thought that certainly by taking them I could hardly make matters worse, and they might do me some good. Well! I purchased a box and commenced taking them as directed. Much to my surprise, after taking them about a week, I felt decidedly improved, and thus encouraged, I continued to take them until I was completely cured, and am to-day able to look after my business as closely as I was twenty years ago. I cannot recommend your pills too highly to all those who are suffering from the same troubles that I did. I assure you that in going away from home I would as soon think of starting without my railway ticket as without my box of MORSE'S INDIAN ROOT PILLS.

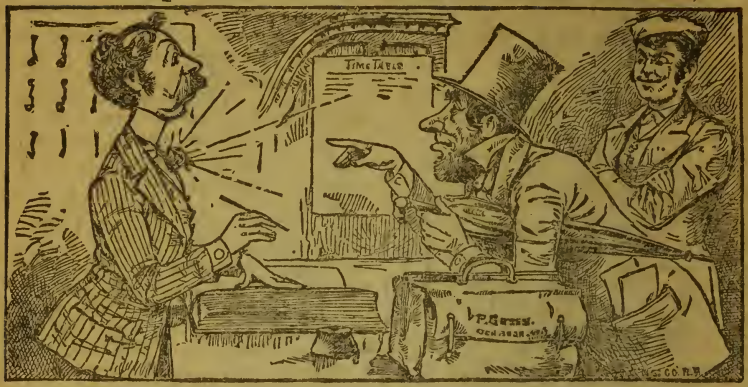
Yours truly,

GEORGE TOMPKINS,
Contractor and Builder.

Worms.

In a quantity of corrupted matter there is always to be found a nest of worms, they cannot, neither will they stay anywhere else. Weak stomachs and bowels are subject to them, as they have not sufficient power to digest their food. Hence, a large heap of matter is lodged and worms must be the result. A few doses of these Pills will disturb them in their nest and drive them out of the system.

It should be remembered that an occasional dose, when in health, especially after taking cold, will prevent the disease from forming in the body.



Insurance Agent.—I say, Mister, dont you want to get that stone of yours insured in the Great Plate Glass Insurance Company?

Diseases of the Liver.

By this disease we understand an inflammation either in the membrane or substance of the liver, known by dull pains in the right side, the stomach always disordered, the yellow tinge of the skin, dry cough, tongue coated, costiveness, high colored urine, and of a thick nature, severe weakness and severe pains in the head.

The quantity of corrupted humors in the region of the liver causes a defective secretion of the bile. The liver, when healthy, serves as a filterer to the blood, to separate all impurity from it or refine it. When diseased it cannot purify the blood, which, when sent to the lungs, brains and other parts, in a morbid condition, may cause Jaundice, Consumption, Insanity, etc., and withholding the natural stimulus to the intestines, causes Dyspepsia, Piles and other complaints, as you perceive, the direct way to unravel and tear the whole system into pieces.

A patient suffering from this complaint should resort to speedy relief. Yet, there are very few medicines worth a cent in curing diseases. What shall be done? We say, use Dr. Morse's Indian Root Pills, as they are composed of plants and roots; they will be found a sure cure for this painful disease, because they purge from the body these corrupt and stagnant humors, and so cleanse and renew the blood, which is the cause not only of the disease of the liver and inflammation of the kidneys and the bladder, but of every description of disease. From four to five of these pills taken every night on going to bed will, in a few days entirely relieve the body of everything that is opposed to health.

The Best Worm Candy in Use

Chard, Ont., Jan. 3, 1889.

Sir,—Your DR. MCKENZIE'S DEAD SHOT WORM CANDY is the best I ever used. I can recommend it very highly, having used it in my family. My little daughter, aged two years, was almost dead from the effects of worms. I tried the worm candy and completely cured her. Yours truly,

MRS. JAS. JOHNSTON.

Fevers.

Fever, like every other form of disease to which the human system is liable, is caused by impure humors. This being caused by a more rapid action of the blood struggling with nature in endeavoring to cast out of the body the corrupt matter which is deadly opposed to health. Hence the good and bad humors are at war with each other and the commotion which follows causes fever and heat. The symptoms of fever are various; causing heaviness, langor, difficult breathing, eyes dull and heavy, anxiety, sighing and yawning, alternate fits of heat and cold. After which the patient complains in the head and back, great thirst, nausea and sickness, a fullness about the stomach, and sometimes vomiting bilious matter. Dr. Morse's Indian Root Pills are acknowledged to be a strengthening and delightful medicine for all kinds of fever. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels causing them to pour copious effusions from the blood into the bowels after which the corrupted matter is thrown out by the natural passage of the body. All that is required in urgent cases of fever, will be to take large doses. In order to have them operate thoroughly on the bowels, take from three to five, night and morning, until the fever entirely disappears, after which from two to four every evening until well, and you will be convinced

Guest.—Have you any gooseberry pie?
Waiter.—No, sar, ain't carrying any this year, sar.
G.—Why! how is that?
W.—Well, you see, sar, they's scarce this season. Last winter was so cole an stormy that it was mighty tough on the geese.

---

that this is the best way to check fever, because they drive out all inflammation and restore the body to a state of sound health. And the blood and other fluids will be so thoroughly purified that disease in any form will be utterly impossible.

Sells Twice as Many as Any Other.

Barney's River, Dec. 31, 1888.

Sir,—I can sell twice as many of your DR. MORSE'S INDIAN ROOT PILLS as of any other kind I can get. They give good satisfaction.

Yours truly,
D. McIVOR.

Gravel and Stone.

By this we understand a collection of sand-like substances having been lodged in the passage of the urine. When the system is in a healthy state this substance is carried off by the natural passage of the body; but, when there is any weakness of any organ, especially the kidneys, they become incapable of expelling such sandy secretions, and consequently they are lodged in the kidneys, uretha or bladder, causing great inflammation to these organs and great pains and swellings in voiding the urine. It has been admitted by many physicians, that these Pills are made out of some peculiar plants which have a wonderful calming influence in dissolving the substance which has clogged the passage, and by their cooling properties they expel all inflammation, and leave the water passage in an active and healthy state. From three to four of these Pills night and morning from

Sell Three Boxes of Morse's to One of Any Other Kind.

Robertson Station, Que., Dec. 14, '88.

Sir,—Your DR. MORSE'S INDIAN ROOT PILLS are the best I ever got. I sell three times as many as of any other kind; my customers will have no others; I myself use them in my family and will not be without them.

Yours truly,

A. TALBOTT.

one to two weeks, will decide how this dreadful disease is to be treated, and as they remove the cause of every kind of disease, it is utterly impossible for them to fail in curing the gravel, as they unclog the passage and leave the parts in a healthy and lively condition.

Salt Rheum Cured.

York Mills, N. B., Dec. 17, 1888.

W. H. COMSTOCK,

Sir,—I have sold your MORSE'S PILLS for the past five or six years and find that my neighbors are perfectly satisfied with them, saying that if used as directed they will do all that is claimed for them. About four years ago one of my friends had a very severe attack of salt rheum in his right hand. He tried everything that he could hear of, but to no effect; his hand continued to grow worse, finally I prevailed upon him to try MORSE'S PILLS. He found great relief after taking one box, continuing he took four boxes altogether, after which he was able to use his hand as well as ever, and has not been troubled for four years by a return of the disease.

Yours, &c.,

D. V. BROWN.

Giddiness, Headache, Etc.

These pains and disagreeable feelings are generally symptoms of some other compiaint, such as Dysentery, Apoplexy, and various others, all of which are caused by corrupt, noxious matter, clogging the various circulations; hence, a stream or rush of blood to the head and by the excitement, a great pressure on the brain. Giddiness, headache, loss of memory, dimness of sight and

Mrs. De. Smith—Charles, my dear, why don't you take me out to bathe like Wilkins does his wife?

Mr. De. Smith.—(The brute.) What do you take me for, a derrick?

various other complaints are the result. Thus it will be seen that all the above painful and distressing maladies owe their origin to the blood. DR. MORSE'S INDIAN ROOT PILLS are acknowledged to be the only medicine that will thoroughly purify the blood. They enter the stomach and unite with the blood, and follow the stream of life on its journey through the system. They root out all foulness and impurity, and drive out every unhealthy obstruction. They should be taken every night in sufficient quantities to operate briskly, by commencing with two Pills on going to bed, three the next night, four the next, if the symptoms are not removed. Continue in like manner until the blood is thoroughly purified, and all pain and distress is entirely removed.

My Customers Will Have No Others.

Albert Mines, N. B., Dec. 17, '88.

Dear Sir,—Knowing that you must be about getting out your almanac for next year, I wish to add my testimony. For the past ten years I have been agent for your DR. MORSE'S INDIAN ROOT PILLS in this section of country. My customers will have no other. A neighbor of mine, who had been suffering with dizziness and pains in his head, could obtain no relief. I took him a box of the pills and left them, telling him that unless they cured him he need not pay for them. Four weeks after he came to me and paid for the box and bought two more, saying that they had given him the first relief he had enjoyed for years.

Yours, Etc.,
EDWARD WOODWARD,
Postmaster.

Dizziness and Light Head.

Morin Flats, Que., Dec. 14, 1888.

W. H. COMSTOCK,

Dear Sir,—I have used MORSE'S INDIAN ROOT PILLS for dizziness and light head. I find them all that they are recommended to be and have no hesitation in recommending them to those who are troubled as I was.

Yours, Etc.,

ISSAC JEKILL.

Pregnancy.

During this critical period the Pills will be required because they cleanse the body from those morbid humors, and thoroughly drive away all pains, and give ease and comfort to the mother. From one to three of these Pills, taken two or three times a week during pergnancy, will cause the mother a safe and easy delivery, and will be sure to give a stout and healthy constitution to the child.

MR. WM. BAKER, of Hudson New York. DR. MORSE *Sir*: The Pills prepared by you are an excellent article. I never sold a medicine which gave better satisfaction; they are used here with astonisning success. Mr. Jos. Johnson has been very sick. Dr. White, a physician of high standing in this place, has been attending him for some time. Last week the doctor gave him up saying that he could do nothing for him as it was impossible for him to recover. On hearing this, I instantly put a box of the Indian Root Pills in my pocket, carried them to him, and told him I had no doubt they would be the means of saving his life. Finding so much relief from the Pills which I gave him, he sent for more. They had a most charming effect, and now he is in a fair way of recovery. Please send me a large supply of these Pills as I am nearly out."

As DR. MORSE'S INDIAN ROOT PILLS are founded upon the principle that every kind of sickness, pain or dis-

Mrs; Misszinheimer.—Run for the doctor quick, the baby has swallowed a penny.

Mr. Misszinheimer.—Mine Gott, you make as much fusss as if it was a twenty dollar gold piece, be calm, Rebecca, be calm.

---

tress to which the human family are subject, is caused by corrupt, stagnant matter having lodged in various parts of the body, therefore, it would be of no use to speak of the various pains, sickness or distress, or in what part of the body, or how severe the various afflictions that you may undergo; because the more sickness or distress is occasioned by the more corruption or impurity within, and the only inquiry should be, is the person sick? But it should be borne in mind by those desiring to be restored to health, that they should take them in sufficient quantities to operate briskly by the morning. The usual dose is from two to four but they must be taken in sufficient quantities to operate two or three times on the bowels. Very delicate persons should begin with two, and increase as the nature of the case may require. Those of more robust or costive habits, may begin with three and increase to six, or even more, if it should be found necessary, and they will effect a sufficiently happy change to guide the patient in their future use. but in case of voilent pains in any part of the body the medicine must be taken in large doses every night and morning, and oftener if the sufferings are great. There is not an ache or pain that the body is subject to, but will yield to their powerful influence, and they show that it is by drawing off the ill-humors, and constant purging, that will cleanse and purify the blood, and in a mild and gentle way drive away disease of every kind, and restore the system to a state of sound and perfect health.

A Wonderful Remedy Performs a Wonderful Cure.

Lacadie, P. Q., Dec. 31, 1888

W. H. COMSTOCK,

Sir,—For fifteen years I was afflicted with asthma and my food would not digest and whenever I would eat anything, no matter what kind of food, it would have a decayed taste, and I could not walk ten feet without falling, owing to my weakness. I was under the care of several doctors in the United States, where I resided three years, also of doctors here and I can say to you that I took enough medicine to fill a flour barrel and always without any result. Some of these doctors told me that I might die from the effects of this disease. I was so much discouraged that I was preparing myself for death, when finally I heard of your DR. MORSE'S PILLS. I said to myself let me try some of them to see what they will do, and in fact last I went for some, and began taking them the same day and the very next day I felt better. After some little time I was able to attend to my affairs, beieg completely cured; today I am in as good health as I ever was. If I should ever get sick again I would prefer paying a thousand dollars a box for DR. MORSE'S PILLS than using any other remedy as I am certain they saved my life.

Signed,

JOS. ALAVIE DUPUIS,
Gardener.

USUAL DOSE FOR CHILDREN.—These Pills should be taken by children from one day to four months old, from a half to a whole Pill disolved in a little water and sweetened, to be taken every night, until all distress of the little sufferer is removed. From four months to four years, from one to two Pills. It should be borne in mind that the Pills must be taken in such quantities as will operate two or three times on the bowels; otherwise you will receive but little benefit. As they are made from plants and roots, they may be taken, not only without danger, but with perfect safety, and great benefit realized in every case.

Small Boy.—Ma, are you trying to make Miss Fortyodd sick?

Ma.—Why no! Ain't you ashamed to ask such a question?

S. B.—Well, you always say it will make me sick if I ask for a second piece, and now you have asked her to have more, and I could get away with five times as much as she kin.

Prolonged His Life.

Toronto, Ont., Dec. 26, 1888.

W. H. COMSTOCK,

Dear Sir,—Let me freely inform you that for nearly twenty years I have used your MORSE'S PILLS, and without doubt they have so regulated my system that my health has been maintained and I believe my life has been prolonged. My business has kept me constantly on the road—having been twice through nearly all the United States and the Dominion of Canada. Sudden climatic changes, together with the changes of food and water would often cause my system to be impaired, and would suffer from colds, indigestion, biliousnesss, headache, etc., but one pill at bed time for three nights would invariably cure any attack. Not only myself, but my family and many of my friends can testify to the genuine worth of your pills, so that in the cases mentioned no other medicine is needed, nor is the service of any physician required. We can heartily recommend their use to all similarly suffering.

Yours Alway,
I. S. SHERWIN,
8 Fenning street, Toronto.

THE REASON WHY.

The reason why Dr. Morse's Indian Root Pills have become so popular with the public (for they are staple as wheat,) is that we have never deceived the people. In all our advertising we have never stated that which is not true; we always give our customers the worth of their money We do not deny that self-interest is the aim and effort of our life and when you read the statements of those who claim to do business purely on philanthropic mo-

What a Grand Trunk Railroad Conductor Thinks of Morse's Pills.

Nelson Patterson is a well known man on the G. T. R., earning his livelihood as a freight conductor, in which position during the severe winter weather he is so frequently exposed to the sudden changes, that he contracted rheumatism, to which he paid very little attention, thinking, like many other strong robust men, that it would be only a short time until he shook off the dreaded disease. However, this idea proved wrong as he gradually grew worse and his liver and kidneys became affected. Finally he was persuaded to try MORSE'S INDIAN ROOT PILLS, and after taking them for some time, they gradually cleansed and purified the blood, thereby causing the kidneys to resume their normal state and greatly relieving the rheumatism. He still continnes using them and finds that gradually they are driving the rheumatism out of his system.

Mr. Patterson's address is Brockville, Ont., and he will be glad to answer any inquiries regarding MORSE'S INDIAN ROOT PILLS.

tives, you may set them down as frauds. Self-interest is the main spring of all mankind and when not misguided, results in the greatest good. Self interest does not prevent men from being honest; in fact that man who studies his own interest will never deceive his fellow men. Honesty even as a policy only is by far the best. Self interest has made the DR. MORSE'S INDIAN ROOT PILLS one of the best remedies the world ever saw. The recipe has been submitted to the best medical talant that could be procured and is pronounced as good as money and skill can produce. We use the greatest precaution in procuring pure drugs and and spare no expense in manufacturing

You were absent yesterday, Mr. Jinks, what was the cause?
Yes, sir; I had to attend my Aunt's funeral.
Ah, indeed! Well the next time you attend your Aunt's funeral, please let us have a fish or two, if you catch any.

Dr. McKENZIE'S

Dead Shot Candy for Worms

THE BEST CURE FOR WORMS.

$1000 REWARD.

One thousand dollars will be given to any person who will show by analysis that the worm remedy contains any calomel or other poisonous mineral. It is purely vegetable, and cannot harm the most delicate child. It is the most effectual remedy known for the cradication of worms. It is made in such form the children cry for it; and if for nothing else it should be commended for this, as when a child by crying and its other emotions at taking a disagreeable medicine often counteracts any good effects of that medicine. If you have a thoroughly educated physician, have him test the medicine, and we are certain he will say to you it is the best known to the scientific world. Don't ask any of the quacks who infest the rural districts, but go to one you know can show a diploma from some repu-

table college. Analysis is an easy method to a skillful man of determining the ingredients of any medicine.

Mrs. Hill is an old English nurse of various and extended experience in the foundling hospitals of Great Britain. The following is the result of her five and twenty years' experience: Firstly—That it is best for the mother to be her child's only doctor; to trust herself, and believe that the same reason which assists her in comprehending difficult crochet patterns will also enable her to understand medical facts, and remember them. Secondly—Never to give her child White Calomel or Antimony powders, or any of the many Soothing Syrups, which all contain more or less Morphine and Mercury, that pernicious mineral which rots the very rats in the mines that yield it, and quickly paralyzes and kills the unfortunate men who collect it. Thirdly--Only to give to her children simple physic, and never, under any pretence, to let her child be blood-stained by lancet or leech, those fatal robbers of the red life-stream of which there is never more than enough, and whose proper quantity keeps the heart in motion and the child in life.

Oh, if we were to tell you some of the sad tales, culled from a long experience as a medical practitioner, of the many sweet children we have seen whose bright laughing eyes have been permanently filmed and closed in lasting sleep from the effects of the too strong doses of ignorance and professional mistakes, or recount to you a few of the numberless instances we have known of unintentional slow poisoning by quieting syrups, White Calomel and White Antimony, wherein the first dose taken has been perceptibly the first downward step toward the poor little innocent's grave! Or could we exhibit to you the various little blanched bodies, mentally drained (calf-like) of their life's blood by lancet or leech, we

Brown.—Your wife don't seem to be as well as usual to-day, she looks pale.
Jones.—Well, you see, I just put in this telephone, and I think she's got the *yeller* fever, don't you see?

undoubtedly think each anxious mother would immediately resolve never to forego the above three rules.

And now, gentle reader, let us urge you carefully to read through several times the following pages, and you will then know as much, nay, more, about worms affecting children, and how to cure them, than many of the professed doctors, and, being likewise nurses, **will be much better able to save life.**

MOTHERS.

Nearly half of the children born in this country die before they are five years old. What a fact for newly-made mothers to know, yet correct governmental reports show us that it is perfectly true. In London alone almost twenty-five thousand children die every year who have not attained ten years of age. But who are to be blamed for this? The mother or the doctors? Certainly not the all-wise Creator.

We will leave this delicate question with this observation, that too many mothers gorge and improperly feed their babies and too many doctors imprudently give violent mercurial medicines, which, if they do sometimes relieve a disease, are also very unsafe, and likely to destroy the tender life of infancy. Arsenic, Antimony, Calomel, Sugar of Lead, etc.. were never meant for baby physic, nor indeed to be taken into any human stomach. They do well enough to kill rats and other vermin, but were never intended to restore health either to man or child, for their poisonous action always weakens the body, and their continued use may leave it a complete wreck.

But this awful waste of infant life should no longer continue, for with common sense, a little more care, and by the means of a few simple, safe, sure, and ever-ready remedies, four out of five of these hitherto fatal cases can easily be saved from such an early, such a premature death.

SYMPTOMS.

Worms, in consequence of their movements, the interruption they offer to the contents of the bowels, and probably other modes of interruption, generally occasion pain or uneasiness in the abdomen—sometimes spasmodic, sometimes described as gnawing or biting, and not unfrequently of a vague indescribable character, and yet very distressing. Sympathetic with this is a sensation of itching at the anus and at the nostrils, producing a disposition to scratch the fundament and to pick the nose, which is highly characteristic of this affection. The bowels are often disordered, being sometimes constipated or stopped, and sometimes relaxed, with occasional bloody discharges, as in dysentery. The discharge is sometimes in shreds or flakes, which are not unfrequently mistaken for fragments of the partially digested worms. It is not uncommon for portions of undigested food to pass the discharges. The appetite is exceedingly variable; in some cases, natural, in others deficient, craving or depraved; one condition not unfrequently alternating with another. The belly is often hard, swollen and tympanatic, the breath heavy or fetid, and the tongue furred with a disagreeable taste and a copious flow of saliva. Swelling of the upper lip, bleeding of the nostrils, and a disposition to grind the teeth during sleep, are other characteristic symptoms.

The effects, however, often extend beyond the alimentary canal, and various derangements of health are experienced in consequence either of the direct irritation of the worms, or of

Mr. De Smyth.—(Time midnight.) My dear! My dear! I think I must have swallowed some poison by mistake, I feel so awfully sick.
Mrs. De S.—Well, then, for goodness sake, keep still or it may come up.

disordered digestion which they occasion. Among the most common of these are nervous affections, such as fretfulness, irritation of the temper, wakefulness or disposition to excessive sleep, disturbed sleep, sudden starting out of sleep as if from fright, dizziness, headache, spasmodic movements of the eyelids, dilated pupils, perverted vision, temporary blindness and partial deafness. General convulsions are not infrequent in children, and symptoms strongly resembling Hydrocephalus have been ascribed to worms, and have ceased on their expulsion. Cases of Chorea or St, Vitus' Dance, Melancholia and Hypochondria, and even insanity, have been referred with the most apparent reasons to the same cause. In addition to these affections may be mentioned obstinate cough, spasm of the glottis, palpitation, languid circulation, pale or yellow skin, sunken eyes, a livid circle about the eyelids, and general emaciation. This condition is often accompanied by fever, and is then called worm fever. Persons in apparently perfect health may be affected with worms, and it is no unusual event to find worms in the bowels of persons after death, who have given no signs of their presence during life. It is therefore incumbent on every person who is not feeling well to pay attention to this fact, and take some remedy which will remove them if present, and yet do no harm if otherwise. Such a medicine is DR. MCKENZIE'S DEAD SHOT CANDY FOR WORMS, a sure death to worms, but taking no effect if they are absent. A new means of diagnosis is now offer-

ed to every person to detect worms in the system; this is the Microscope. It appears that even where no worms are expelled from the body their ova often are; and in any suspected case, a person acquainted with the character of their ova may decide by their presence or absence in the discharges, when submitted to microscopic examination, whether the patient is affected with worms or not.

Relieves an Acute Attack of Indigestion.

Hubbard's Cove, N.S., Dec. 12, '88.

W. H. COMSTOCK,

Sir,—Your DR. MORSE'S INDIAN ROOT PILLS performed wonders in curing indigestion and other stomach troubles. A few weeks ago I ate some food that I could not digest and suffered without obtaining any relief for three days. I then procured a box of your pills and after two doses the indigestible food was dislodged, the distress removed and I have been a well man ever since. I take pleasure in recommending MORSE'S PILLS to the public.

Yours, Etc.,

ISAIAH COOLEN.

McKenzie's Dead Shot Worm Candy Better than Any Other.

East Broughton, Que., Jan. 31, 1889.

Sir,—I have tried your DEAD SHOT CANDY in my family and it beats all the Worm Medicine I ever tried. I can recommend it to everybody.

Yours &c.,

MRS. GEO. MCKEAGE.

Owes His Life to Morse's Pills.

Tay Settlement, N.B., March 21, 1889

W. H. COMSTOCK,

Sir,—I write to tell you what I know about DR. MORSE'S INDIAN ROOT PILLS. Wm. McNutt, a neighbor, was so badly "used up" with rheumatism and dyspepsia that for some time he was unable to do any work, he commenced taking your pills, they acted very favorably on him and after taking some few boxes felt well enough to go back to work. He has never had any serious return of his old trouble and says that he owes his life to MORSE'S PILLS.

Yours &c.,

WM. TOMLINSON, P. M.

Excited Friend.—I hear that you have been arrested and fined for keeping a cow, why that's an outrage, a burning shame. Good gracious, man, have American citizens no rights, no——

Farmer.—Hold on, my friend; don't get excited over such a little thing; it's all right, that cow didn't belong to me; it belonged to Neighbor Brown, don't you see?

Saved the Life of His Son.

St. John, P. Q., Jan. 28, 1889.

W. H. COMSTOCK,

Sir,—I am happy to announce to you the complete recovery of my little boy from a very severe cold. The doctor attended him for ten days and despaired of being able to save him. About this time I made a resolution to try your Pills, as I had often heard them well spoken of. I dissolved a pill in a glass of water and gave him a teaspoonful every half hour and within twenty-four hours I noticed a decided change for the better, which continued until my boy had completely recovered his health and spirits. It gives me great pleasure, dear sir, to have this opportunity for expressing my appreciation of MORSE'S INDIAN ROOT PILLS.

Yours gratefully,
THOS. BOISSONNAULT.

Picked Out of the Gutter.

Sacramento, Cal., March 7, 1889.

W. H. COMSTOCK,

Sir, I picked one of your MORSE'S INDIAN ROOT PILL Almanacs out of the gutter, and after reading it carefully I gave your pills a trial. After using one box I felt much relieved. I regret that I did not try them sooner, as I know now that they would have saved me much pain and money. I have recommended them to many of my friends and all think that there is nothing like DR. MORSE'S INDIAN ROOT PILLS.

Yours truly,
WILLIAM E. PRATT.

What the Commander of G. A. R Post No. 9 Says.

Capitol Hill, Washington, D. C.

Sir,—I have suffered seriously from constipation ever since the war, and could get no permanent relief until I got a box of DR. MORSE'S INDIAN ROOT PILLS, which have nearly cured me. One year ago I was a walking skeleton. To-day my friends hardly know me, I am so stout and robust. I take great pleasure in recommending your pills as the best I ever saw.

Yours &c.,
R. D. GOODMAN.

Have No Equal.

Riviere a Claude, Que., Dec. 14, 1889.

W. H. COMSTOCK, ESQ.,

Dear Sir,—As I have been selling DR. MORSE'S INDIAN ROOT PILLS for the past ten years and can assure you that they are an indispensible necessity in every household in this section of the country, as a blood remedy they have no equal, and I hereby certify that I have seen with my own eyes most wonderful cures. For colds and coughs they are unequalled I am convinced that by using DR. MORSE'S INDIAN ROOT PILLS regularly all diseases of the nature of fevers cannot resist their purifying properties.

Yours &c.,
T. AUCLAIR, J. P.

Suffered Agonies from Indigestion, but Morse's Pills Relieved Her.

Amaguadus Pond, N. S.

W. H. COMSTOCK,

Sir,—I have reason to speak well of DR. MORSE'S INDIAN ROOT PILLS, as I have suffered agony with Indigestion and could find nothing to give permanent relief until I used your pills. I shall never cease to speak well of them.

Yours truly,
MRS. B. MCNEIL.

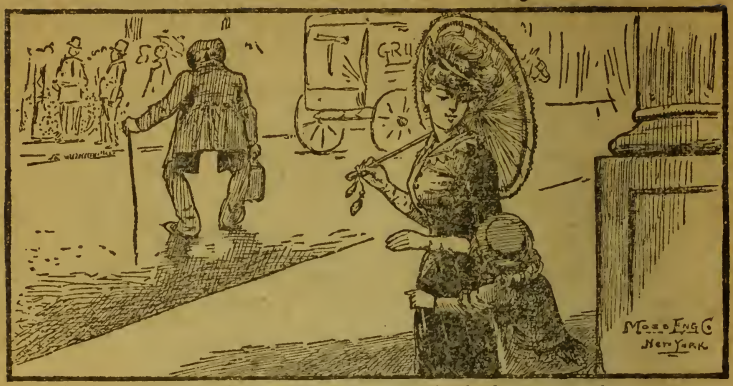
Experience of a Merchant.

Oak, Va., Feb. 24, 1889.

W. H. COMSTOCK, ESQ.,

Sir,—I have in stock all kinds of pills, but DR. MORSE'S INDIAN ROOT PILLS out sell and give better satisfaction than any other. I have many customers who have been afflicted with urinary and kidney troubles, after taking a few doses of MORSE'S PILLS they always receive immediate relief.

Yours truly,
J. C. GILLIAN.



Ma, look at that man, he must have been out in the hot sun too long.
Why, what makes you think so, my dear?
Don't you see how his legs are warped.

After 25 Years.

Bushville, Fairfield Co., O.

W. H. COMSTOCK, ESQ.

Sir,—For the past twenty-five years I have been suffering from a disease which the doctors said would result in dropsy. I tried doctor after doctor, but to no purpose. The disease seemed to still make headway, and they all gave their opinion that it was simply a matter of time with me. About this time I got one of your boxes of MORSE'S INDIAN ROOT PILLS, and have taken three boxes of them up to the present writing. I can again do my own work, and feel twenty years younger.

Yours truly,
HANNAH E. DICKSON.

---

12 Pounds in One Month.

Osteen, Fla,, May 29th, 1888.

W. H. COMSTOCK.

Sir,—For some time I have been suffering with bilious colic and pains through my temples. After trying many remedies and receiving no permanent relief, I commenced taking your MORSE'S PILLS. Am greatly relieved, and feel confident of a speedy and permanent cure. Also, as the mother of a family, recommend them as the best family pills I have ever used.

Yours truly,
MRS. F. A. AIKINS.

Myrtle, Mo., Sept., 15, 1887

W. H. COMSTOCK.

Dear Sir,—Your MORSE'S PILLS sell like hot cakes here; the people all want them. We could not well do without them in our store. All suffering humanity should use MORSE'S INDIAN ROOT PILLS and be made happy with the wonderful effects. We thank you for introducing such a good medicine in this vicinity.

Yours respectfully,
W. J. & F. L. TAYLOR.

Carlton's Condition Powders

The Greatest Medicine for Horses, Cattle, Sheep and Hogs.

The recipe for CARLTON'S CONDITION POWDERS was obtained by us at a great expense many years since. They are the Original and Genuine Articles, and although crowds of scurvy imitators have tried to counterfeit them, the name "Condition Powder" is all they can imitate. Be not deceived—shun all other *so-called* Condition Powders, and get the

GENUINE CARLTON'S

and your stock will show you the difference by their improved appearance, the glossiness of their coats, their renewed appetite, health and vigor. Nothing can equal these Powders as a general Condition Medicine.

CARLTON'S CONDITION POWDERS, given according to directions, are best thing in the world to strengthen a horse and to restore him to vigor after severe exposure or hard driving.

These Powders cause a healthy action of the digestive organs and purify the blood of animals, thereby equalizing the circulation of the blood and imparting

VIGOR TO THE WHOLE FRAME.

This soon demonstrates itself by an improvement in the appearance of the coat, for it is a certain fact that no animal can be in perfect health if the coat be rough and unthrifty.

CARLTON'S CONDITION POWDERS will be found

A PERFECT RESTORER

after attacks of any acute disease, such as Influenza, Strangles, Inflammation of Lungs, Nasal Gleet, Etc. Everyone who owns stock of any kind should use this medicine. It is always beneficial, and is so harmless that it can always be given without fear.

FATTENING STOCK.

Farmers will find it a saving to them of many dollars by using these Powders. When fattening stock, by mixing a little of these Powders with the food, you will find that they will fatten quicker, and the flesh will be firmer and better in every respect.

THE MANY DISEASES OF HORSES

can almost all be prevented or cured by these Powders. One Powder drives out Worms. One Powder cures Bots. One Powder puts a horse in condition. One Powder makes a horse shed his coat. One Powder gives a soft and glossy appearance to the hair. One Powder cures the Horn Distemper in Cattle.

W. H. COMSTOCK, Sole Proprietor, Brockville, Ont.

CARLTON'S

Nerve and Bone Liniment,

FOR

HORSES

AND FOR THE CURE OF ALL

DISEASES OF MAN OR BEAST

That require external application, and for Contracted Cords and Muscles. Strengthens Weak Limbs, and is also used for Sprains, Bruises, Saddle Galls, Swelled Legs, Sores of all kinds on Horses.

The use of this penetrating Fluid has been attended with unparalleled success in all disorders of Horses which require an external application, such as Corks, Chafes or Galls, Cuts, Wounds, Sprains, Film in the Eye, Scratches, Cracked Heels, Strains of the Shoulders, Stifle, Hough, Knee, Whirlbone, Fetlock, and of the Pastern and Coffin Joints, etc.

This Nerve and Bone Liniment is likewise the best preparation ever known for Burns or Scalds, Weak or Stiff Joints, Swelling of the Glands of the Throat, Inflammatory and Chronic Rheumatism, Gout, Contracted Cords and Muscles; strengthens Weak Limbs, and enables those who are crippled to walk again.

We might add many certificates from all parts of the country, but we simply ask all to *try* this remedy for any of the above complaints on MAN or BEAST, and they will be convinced that it is the most wonderful Liniment ever known.

The Nerve and Bone Liniment was at first intended only for the diseases of Horses, but experience has shown that it is a most efficacious and certain remedy for any of the complaints humanity is heir to, where an external application is necessary. and one trial will convince you that I do not exaggerate when I say that its pain-killing, healing and strengthening properties are beyond anything ever known. CARLTON'S FOUNDER OINTMENT, RING-BONE CURE and CONDITION POWDERS for Horses and Cattle are prepared from the recipe of a very celebrated English Farrier, and have been used by Farmers, Livery-men, Circus Proprietors, Stage Proprietors and others, with the most marked and decided success.

ECLIPSES, ETC., FOR 1890.

In the year 1890 there will be three eclipses, two of the sun and one of the moon. Also a lunar appulse. A lunar appulse June 3rd, 1 o'clock, 24m, morning, visible here. The meanness of the approach and the uncertainty as to the effect of the earth's atmosphere render it doubtful whether the moon will enter the shadow of the earth or not.

1. An annular eclipse June 17th, 5h, 3m, morning. Invisible in North America, visible in Asia and Africa

2. A partial eclipse of the moon November 26th, 8h, 38m, morning, invisible here. Visible generally in Asia, Indian and Pacific Oceans.

3. A central eclipse of the sun December 11th, 10h, 19m, evening, invisible in America. Visible in Australia, Indian and South Atlantic oceans. This eclipse will be annular at the beginning and end, and total between 9 o'clock and 11.25 in the evening.

Morning Stars.

Venus until Feb. 18th, after Dec. 3d. Mars until May 27th. Jupiter after Jan. 10th until July 30th. Saturn until Feb. 18th, after Aug. 30th. Mercury after Jan. 29th until April 9th, after May 29th until July 22d, after Sept. 29th until Nov. 16th.

Evening Stars.

Venus after Feb. 18th until Dec. 3d. Mars after May 27th. Jupiter until Jan. 10th, after July 30th. Saturn after Feb. 18th until Aug. 30th. Mercury until Jan. 29th, after April 9th until May 29th, after July 22d until Sept. 29th, after Nov. 16th.

The Four Seasons.

Spring begins March 20th, at 10h, 33m, morning.

Summer begins June 21st, at 6h, 47 m, morning.

Autumn begins September 22d, at 9h, 14m, evening.

Winter begins December 21st, at 3h, 26m, evening.
